

# **Wide Players**

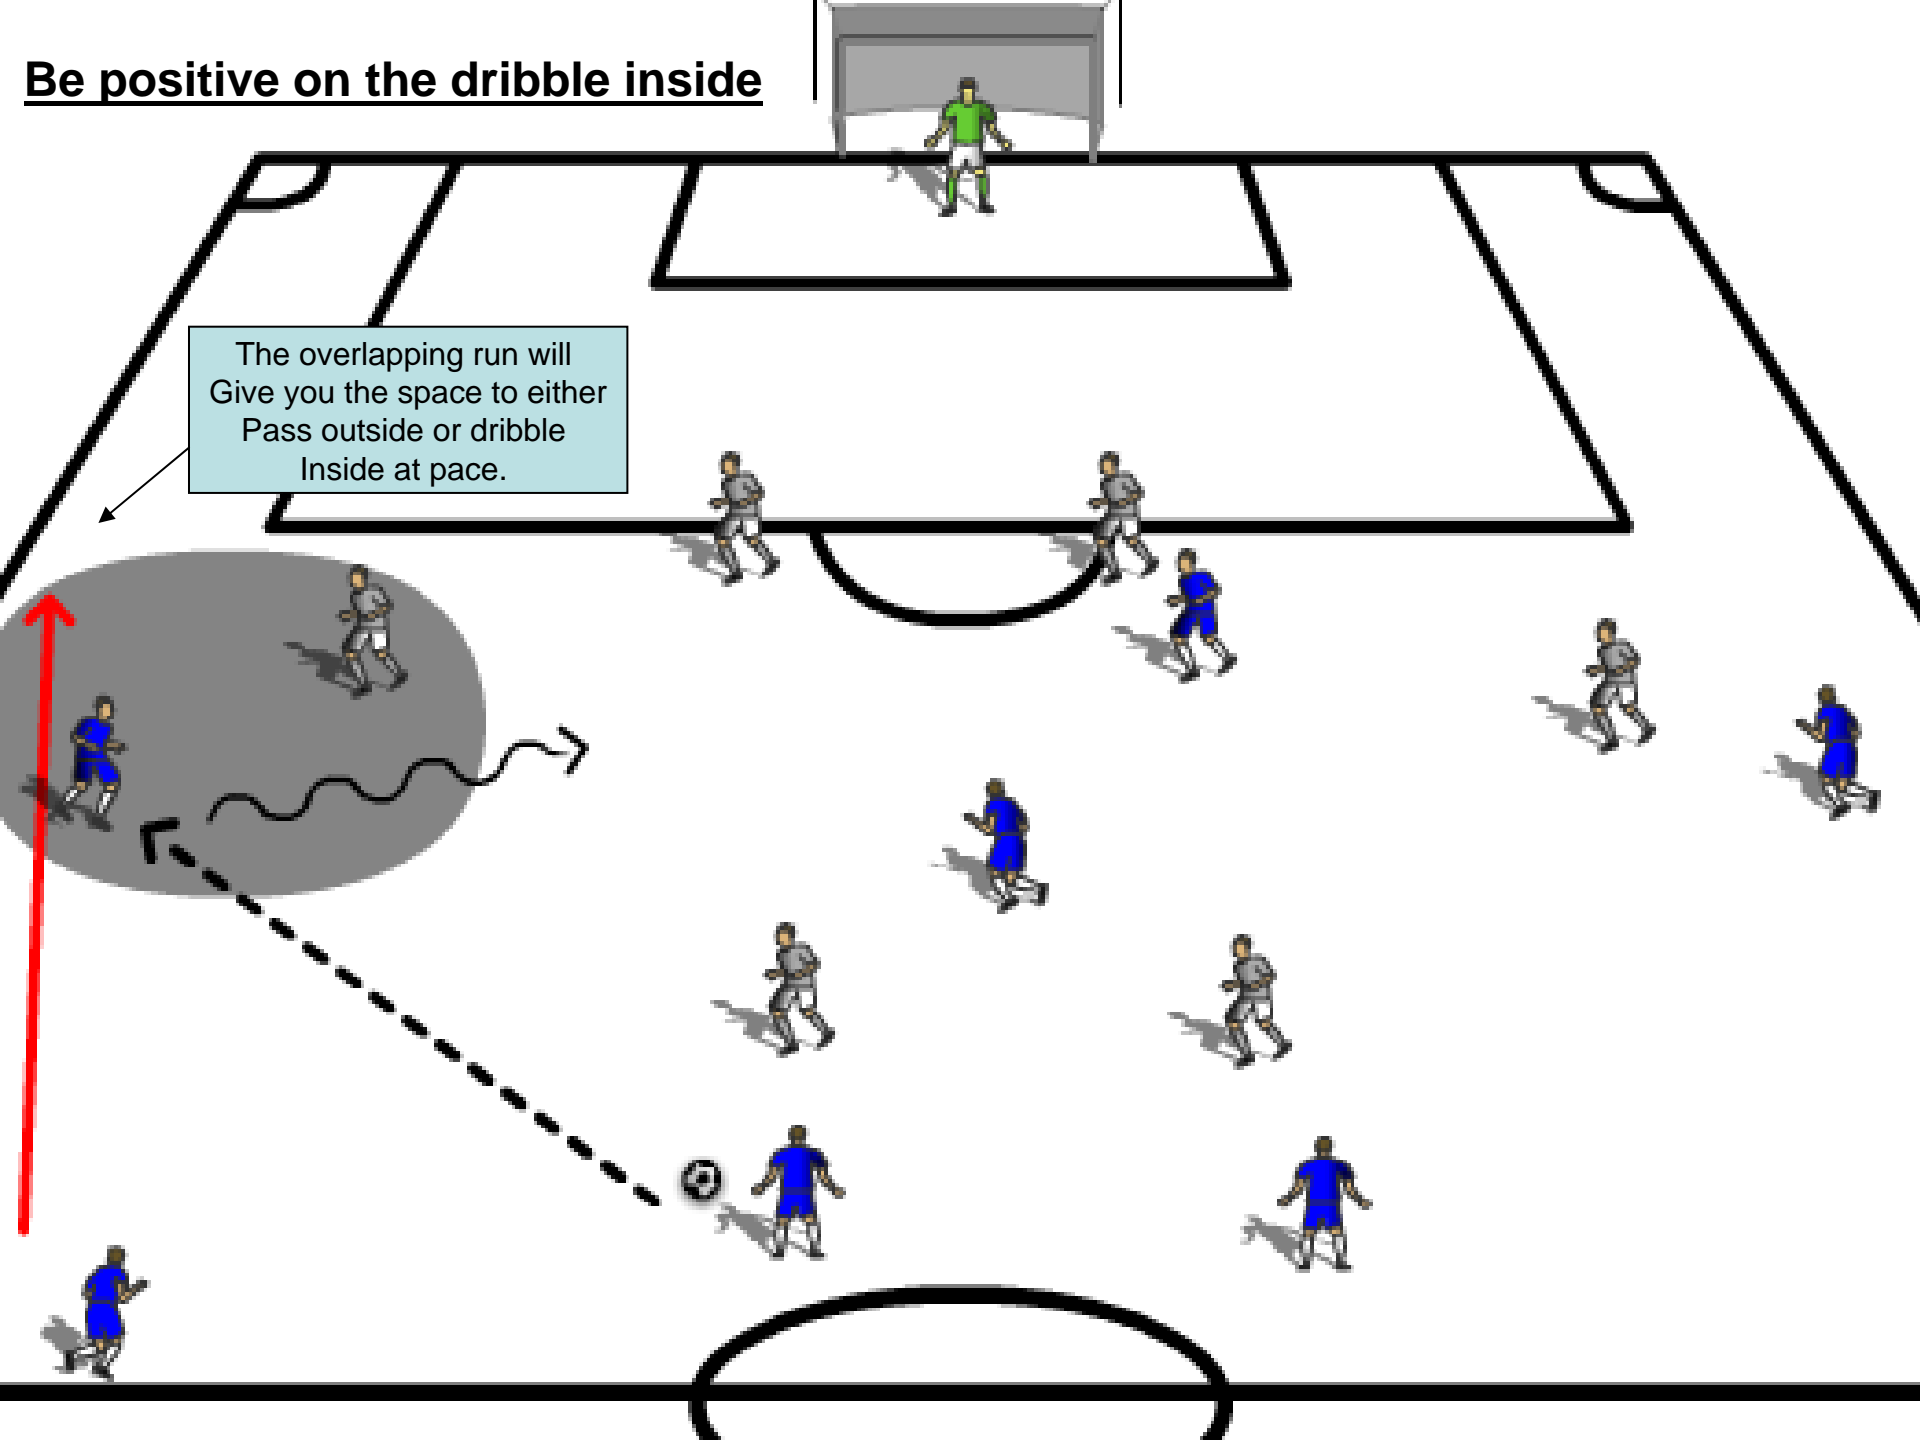

## **Coming off the wing**

## Isolate the full back

Be positive on the dribble inside

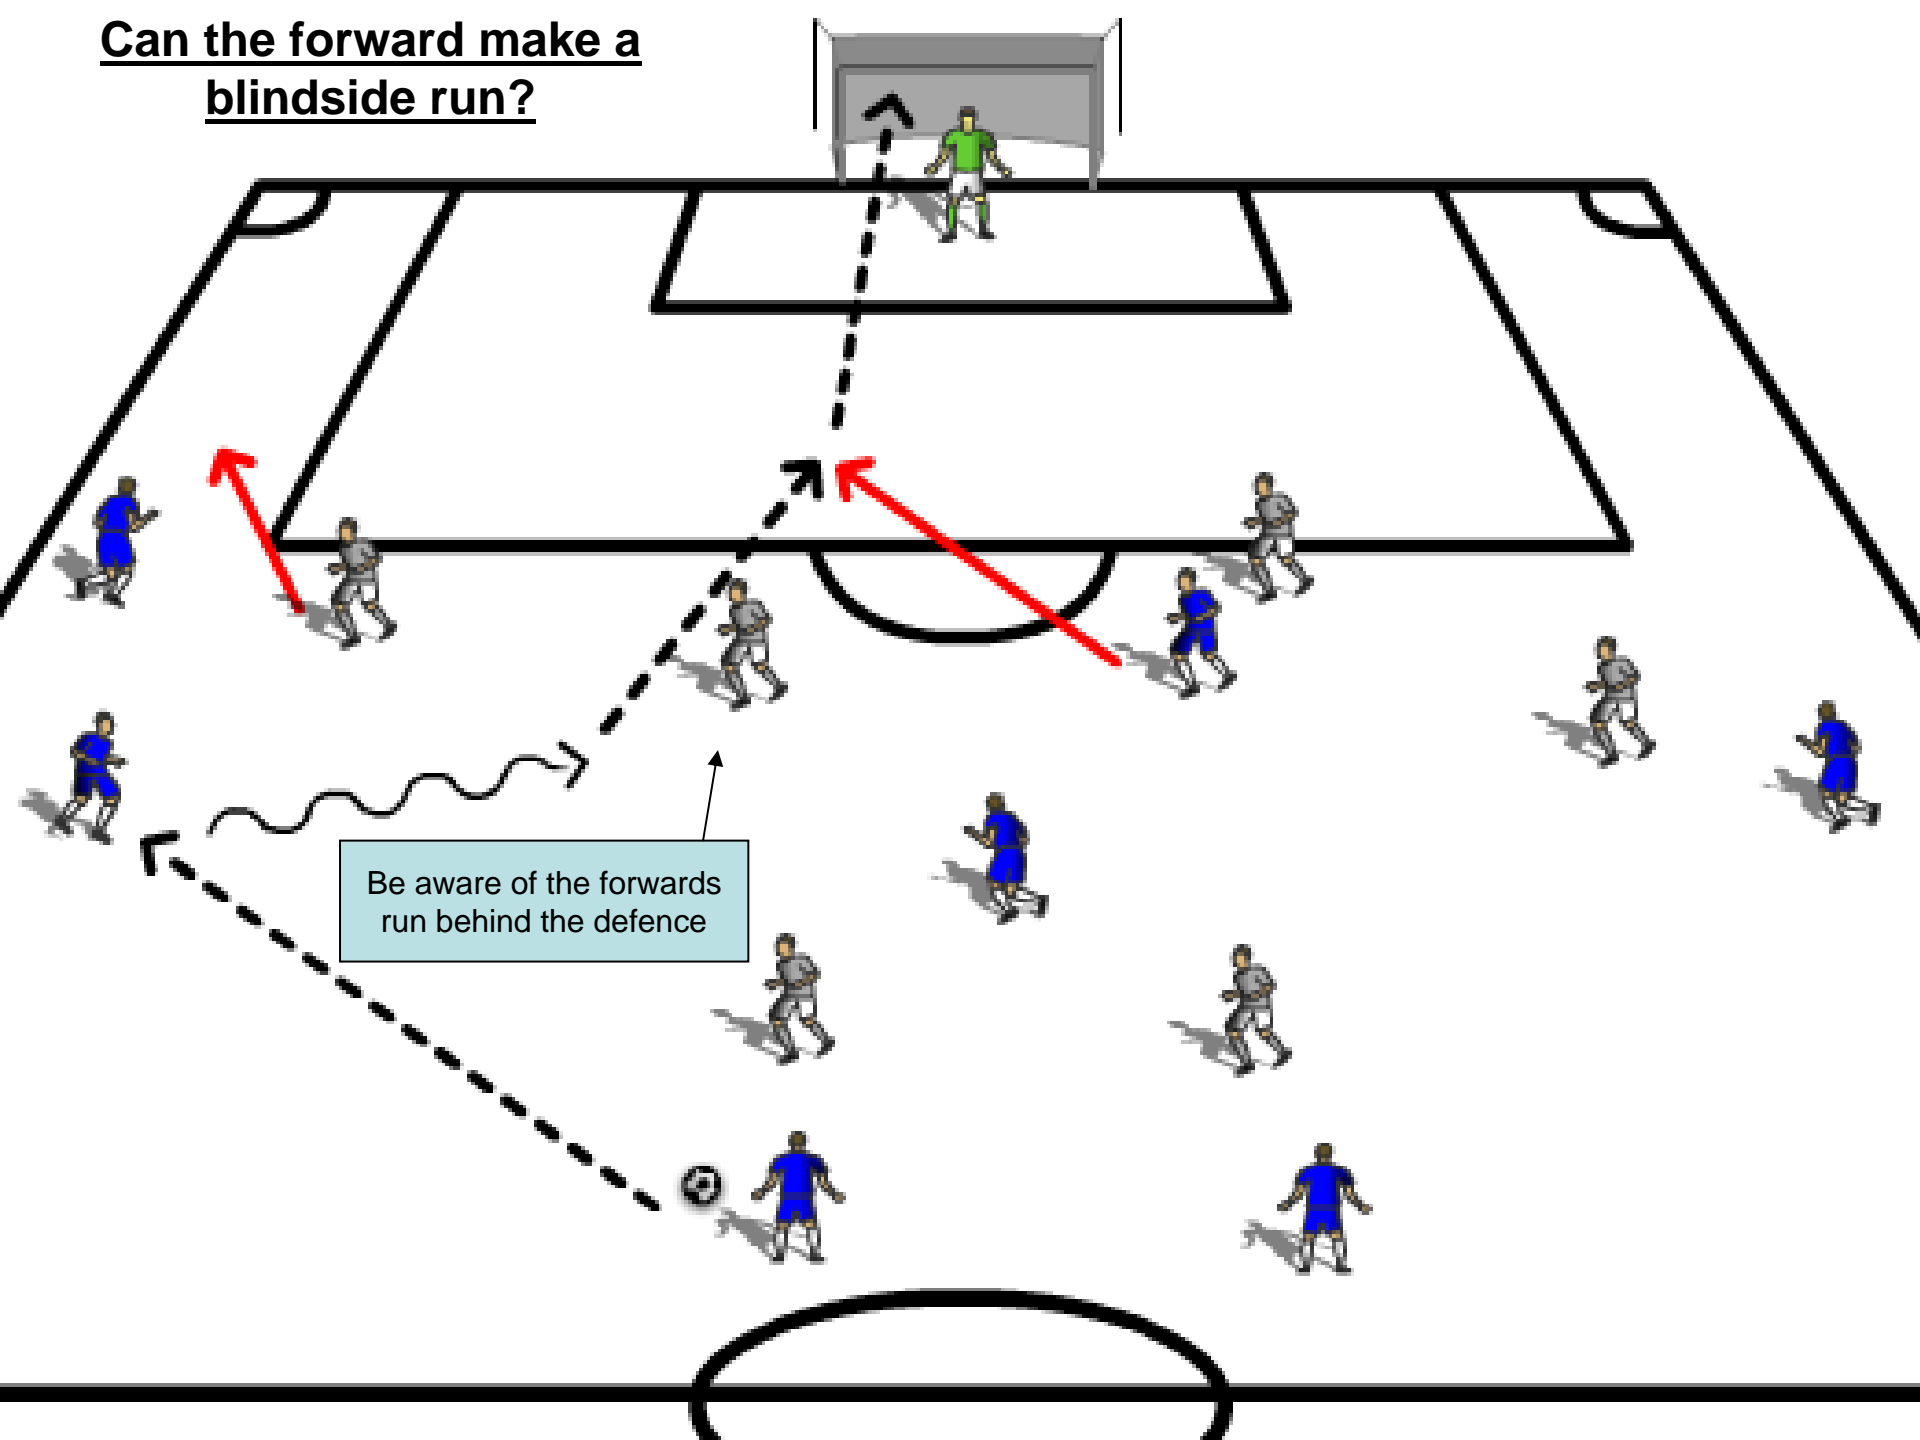

The overlapping run will  
Give you the space to either  
Pass outside or dribble  
Inside at pace.

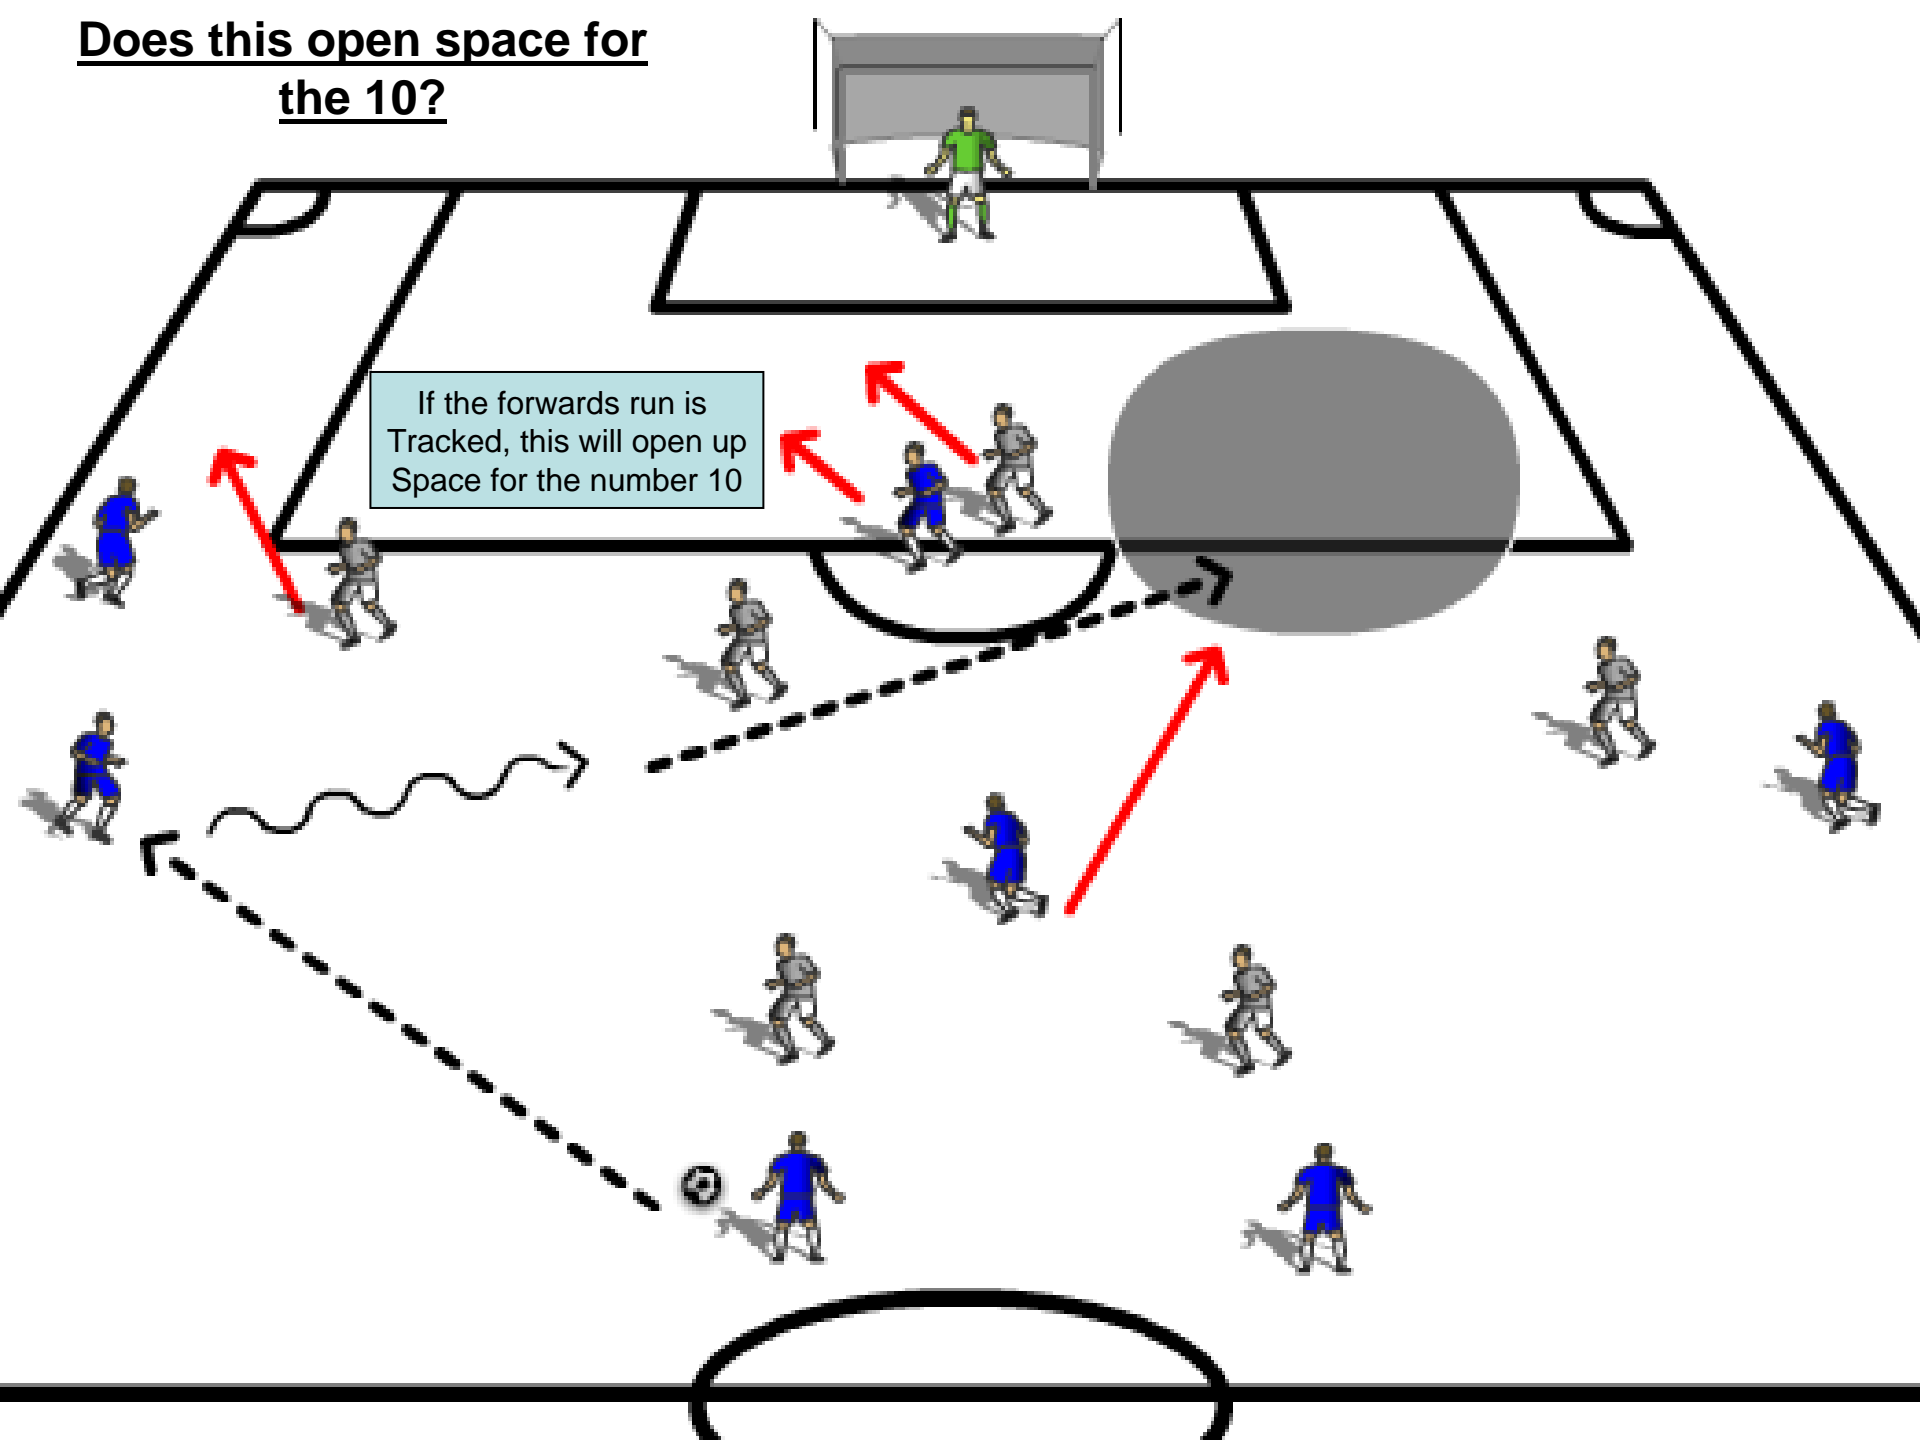

Can you get a strike on goal?

Can the forward make a  
blindside run?

Does this open space for  
the 10?

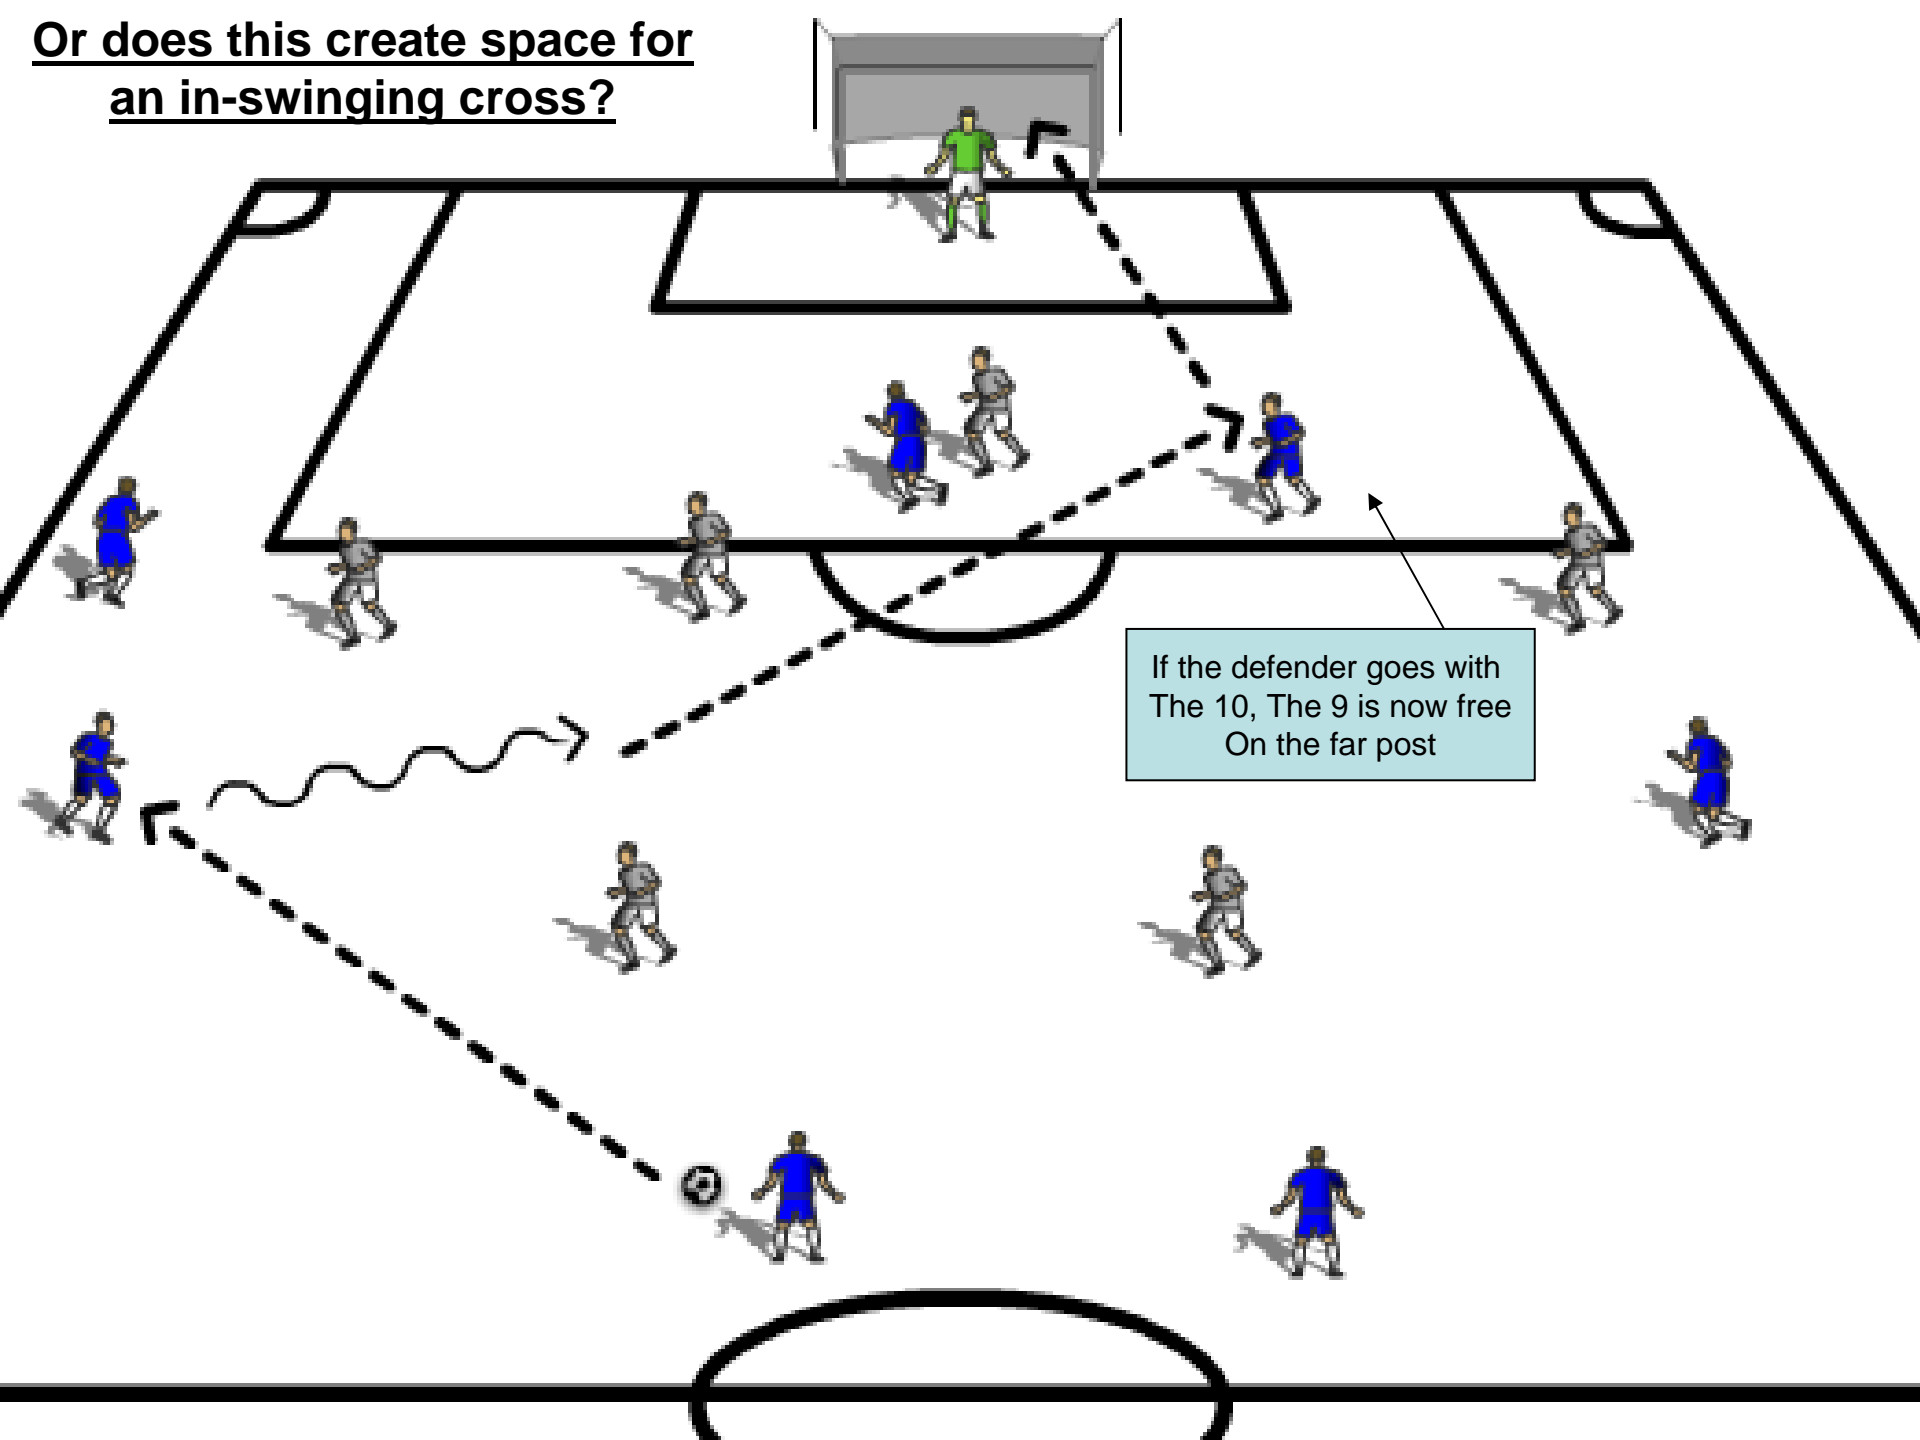

**If the 9 pulls away, Does this open space for the 10?**

If the forward pulls away  
This also opens up space  
For the 10 to play a  
one-two or to run beyond

**If the 9 pulls away, Does this open space for the 10?**

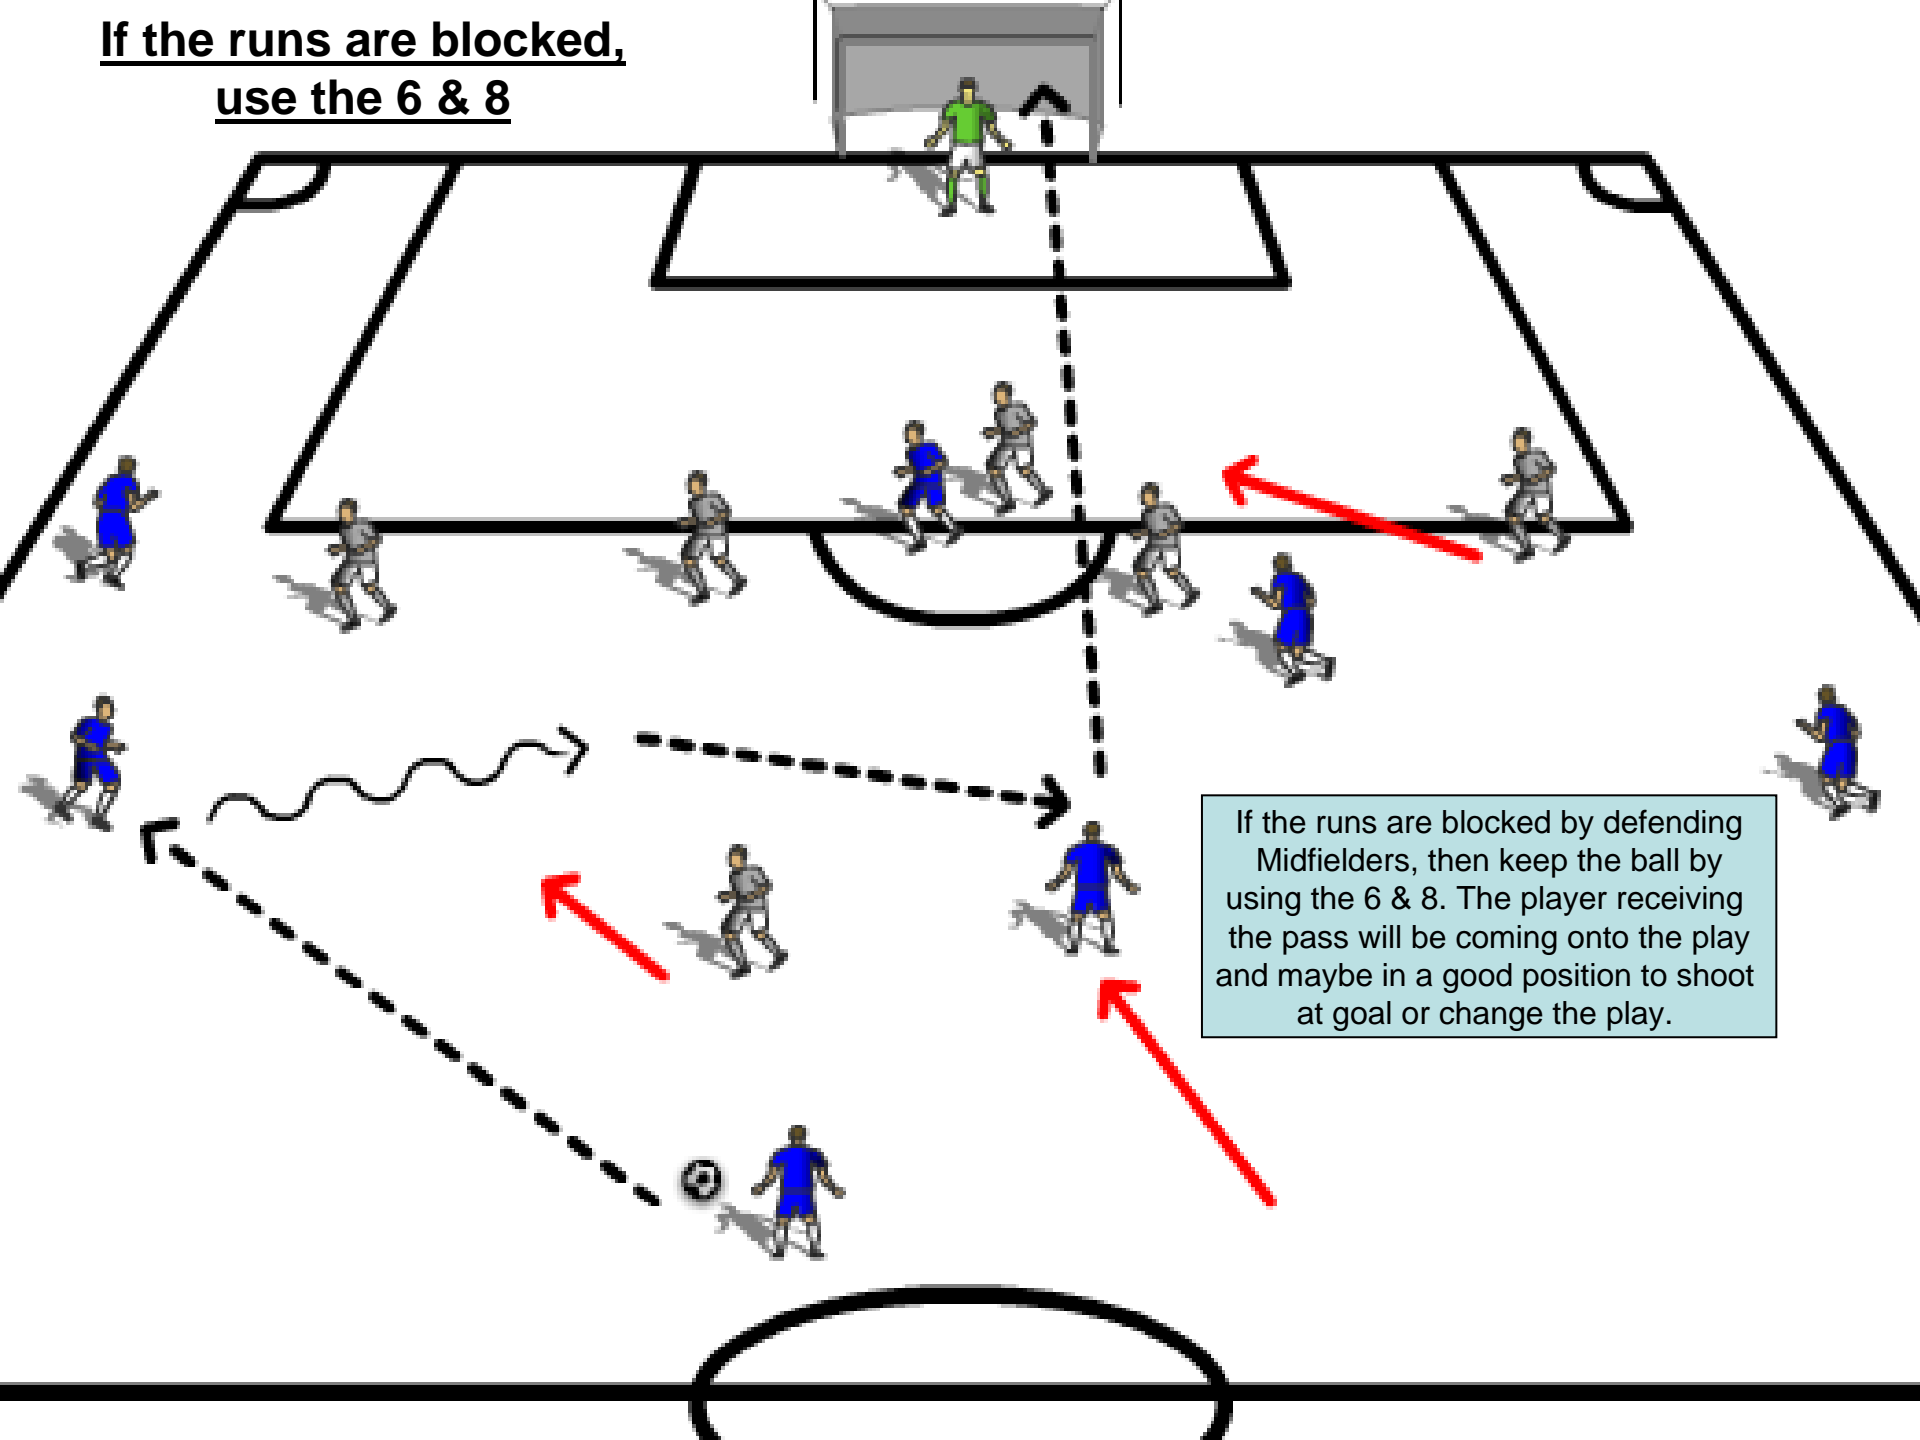

If the forward pulls away  
This also opens up space  
For the 10 to play a  
one-two or to run beyond

Or does this create space for  
an in-swinging cross?

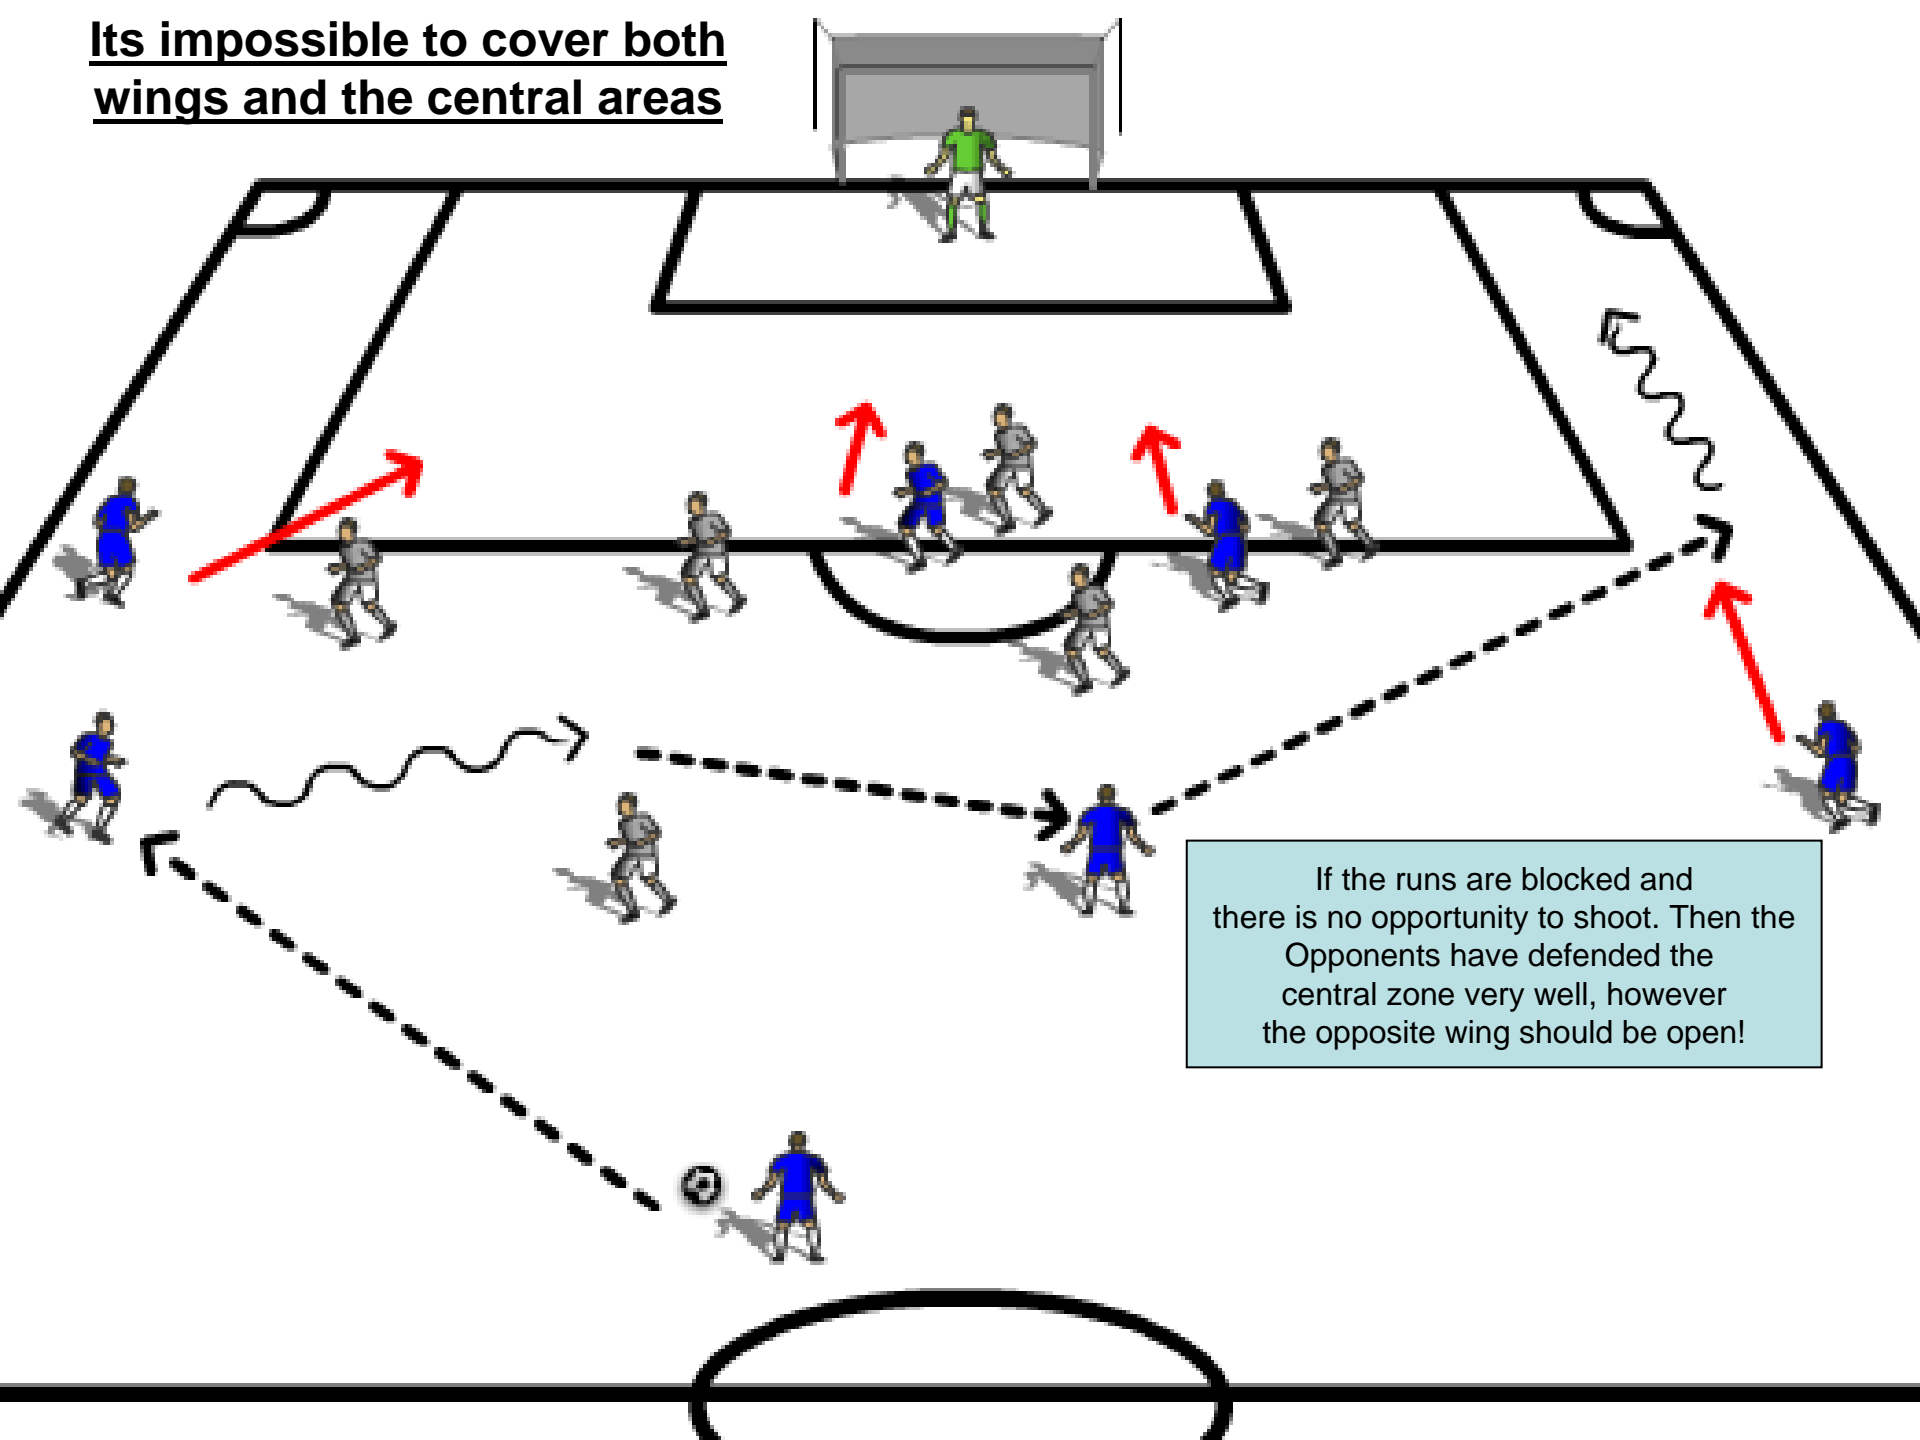

If the runs are blocked,  
use the 6 & 8

Its impossible to cover both  
wings and the central areas

If the runs are blocked and there is no opportunity to shoot. Then the Opponents have defended the central zone very well, however the opposite wing should be open!
